

**50** Years of experience in design and production of heating elements and systems

**15**  
The countries where you can find us

**WELLNESS & AESTHETICS**

**ZOPPAS INDUSTRIES Partner**

- Experience Zoppas Industries increasing efficiency using lean enterprise across all facilities and departments.
- Access our state-of-the-art laboratory facilities with over 30 years' design experience.
- Benefit from Zoppas Industries manufacturing and design facilities which maintain Quality Management Systems according to ISO 9001, EN 9100, Environmental Management System according to ISO 14001 and Energy Management System according to ISO 50001.
- Access one of the widest Heating Element Technology product portfolios in the world including completely integrated thermal assemblies with sensors, connectors, enclosures, etc.
- Benefit from Zoppas Industries global presence through design and manufacturing facilities across Europe, North America, South America and Asia - lowering your Total Cost of Ownership (TCO) including reduced logistics, design, communication and support costs.
- Access Zoppas Industries' in-house design, development and R&D capabilities, such as CAD 3D design, FEA, DOE, FMEA.
- Benefit from Zoppas Industries products third-party certification, such as UL and VDE: marking applied on customer's request.

We at ZOPPAS INDUSTRIES put you in the front seat of internationalization - sourcing your local needs globally.

PRODUCT TRADEMARKS

Compliance with the mark of each specific product must be properly reviewed with our Sales Department.

Many years' experience in different sectors allows us to work with the major companies in the beauty and wellness trades in co-designing innovative reliable heating solutions for dedicated applications. Our technologies for electric heating are employed in a wide range of equipment for wellness and beauty treatments for the face and body: saunas, steam baths, whirlpool systems and tubs, health spas, showers and cabins, hair dryers, face treatments, aerosol, sunbeds and waterbeds. According to the characteristics

of the application, we provide electric heating elements or entire heating systems designed to guarantee the best performance, also from the energy consumption point of view. All our products comply with the main international certifications and standards. Our heating systems and elements for beauty and wellness are specially designed and manufactured to work in environments where water is made aggressive by added substances (chlorides and water treatment products).

Heating cable

Boiler

Band heating element

Sauna and hamman

Showers

Whirlpool baths-spa

Vaporizers and beauty equipment

Multifunctional massage beds

Tubular heater

Flexible heater
