

Extensive know how and market experience enabling us to design and manufacture reliable heating solutions meeting unique customer specifications based on our modularity and Platform Concept. At Zoppas Industries we work in complete synergy with our customers, providing Project Management planning, design approval, full Life Cycle Cost evaluation and final product certification (Type test and FAI).

Developing, expanding and going beyond the core, our highly experienced global teams applying the most advanced design, reliability and management tools ensure the full compliancy with our customer specific requirements. At Zoppas Industries we constantly strive to ensure new and innovative design concepts are at the forefront of heat application requirements within the industry.

Description

Extended Design Life
Proven Reliability
Reduced Life Cycle Cost
Decades of expertise in the field

Technical Specifications

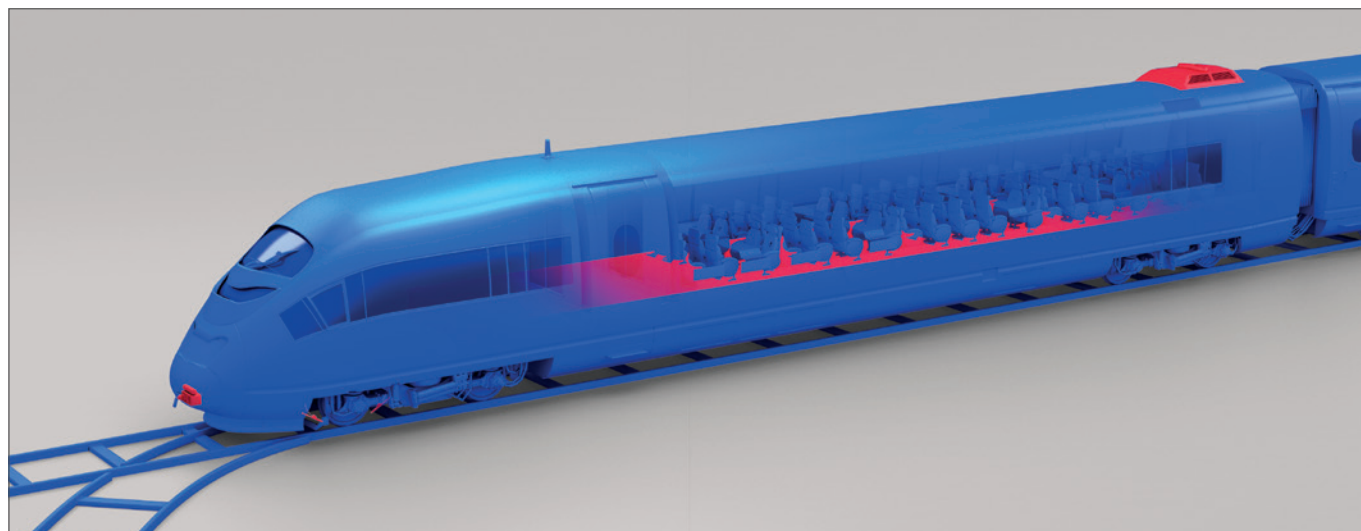

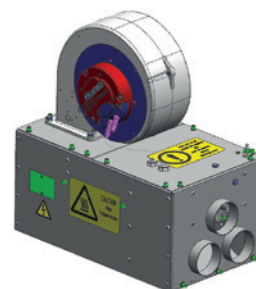

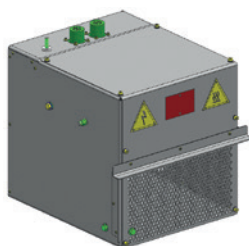

Power: 1500-3000 W
Voltage: 230/400 Vac
Low Weight: < 6 Kg
Single or double insulation
Low noise level fan assistance

Optional

Thermal regulation equipment
Post-ventilation
Air-flow and noise analysis
Customizable fixing
Frame anodization-coatings
Customer specific connections can be specified

Certifications

EN 45545-2
EN 61373
ISO 9001:2015

60 Years of experience in design and production of heating elements and systems

200 different market sectors

ZOPPAS INDUSTRIES Partner

- Experience Zoppas Industries increasing efficiency using lean enterprise across all facilities and departments.
- Access our state-of-the-art laboratory facilities with over 30 years' design experience.
- Benefit from Zoppas Industries manufacturing and design facilities which maintain Quality Management Systems according to ISO 9001, EN 9100 and IATF 16949, Environmental Management System according to ISO 14001 and Energy Management System according to ISO 50001.
- Access one of the widest Heating Element Technology product portfolios in the world including completely integrated thermal assemblies with sensors, connectors, enclosures, etc.
- Benefit from Zoppas Industries global presence through design and manufacturing facilities across Europe, North America, South America and Asia - lowering your Total Cost of Ownership (TCO) including reduced logistics, design, communication and support costs.
- Access Zoppas Industries' in-house design, development and R&D capabilities, such as CAD 3D design, FEA, DOE, FMEA.
- Benefit from Zoppas Industries products third-party certification, such as UL and VDE: marking applied on customer's request.

We at ZOPPAS INDUSTRIES put you in the front seat of internationalization - sourcing your local needs globally.

PRODUCT TRADEMARKS

Compliance with the mark of each specific product must be properly reviewed with our Sales Department.
