

**50** Years of experience in design and production of heating elements and systems

**15**  
The countries where you can find us

**AUTOMOTIVE**

**ZOPPAS INDUSTRIES Partner**

We at ZOPPAS INDUSTRIES put you in the front seat of internationalization - sourcing your local needs globally.

- Experience Zoppas Industries increasing efficiency using lean enterprise across all facilities and departments.
- Access our state-of-the-art laboratory facilities with over 30 years' design experience.
- Benefit from Zoppas Industries manufacturing and design facilities which maintain Quality Management Systems according to ISO 9001, EN 9100 and IATF 16949, Environmental Management System according to ISO 14001 and Energy Management System according to ISO 50001.
- Access one of the widest Heating Element Technology product portfolios in the world including completely integrated thermal assemblies with sensors, connectors, enclosures, etc.
- Benefit from Zoppas Industries global presence through design and manufacturing facilities across Europe, North America, South America and Asia - lowering your Total Cost of Ownership (TCO) including reduced logistics, design, communication and support costs.
- Access Zoppas Industries' in-house design, development and R&D capabilities, such as CAD 3D design, FEA, DOE, FMEA.
- Benefit from Zoppas Industries products third-party certification, such as UL and VDE: marking applied on customer's request.

PRODUCT TRADEMARKS

Compliance with the mark of each specific product must be properly reviewed with our Sales Department.

COMPANY CERTIFICATIONS

Zoppas Industries Group has multi-year experience in designing and producing solutions for heating and maintaining temperature in applications for cars, caravans, motor caravans, trucks and special vehicles as well as car service equipment. Constantly in step with the rapidity of innovation in the automotive industry, we offer a large range of electric heating elements and heating systems, with a wide choice of materials to meet customers' technical and sales requirements. Our products comply with the main

international quality and safety certifications and standards. We are global suppliers who act as partners for projects throughout the world. In our facilities customer companies can take advantage of specialized consultancy and co-design services provided by our engineers. Our lines dedicated to the automotive industry have excellent production capacity and make heating elements with great performance and reliability. All items are systematically laboratory tested.
